From 2010-2011 the School of Natural Resources and Environment graduated 126 MS and MLA students.

78% (98/126) of these recent graduates responded to a survey - 77% MS (91/118) and 88% MLA (7/8).

6% of survey respondents were international students. The information below was compiled with data gathered from these graduates and statistics were calculated based on the number of respondents for each question.

**SNRE MS AND MLA CAREER INFORMATION**

**SALARY INFORMATION**

Data is from MS and MLA graduates within six months after graduation, working full-time in the Natural Resources and Environment field

**Yearly Averages:**

- Overall $63,869
- Dual Degree Students (MS/MBA, MS/Law, MS/MLA, etc.) $85,167
- MS and MLA Graduates $50,650

**QUICK FACTS:**

- 40% of survey respondents had a dual degree (some examples of a dual degree with Natural Resources and Environment are Business, Public Health, Engineering, Economics, Public Policy, and Urban Planning)
- On average, SNRE MS and MLA graduates found a job within 4-5 months of beginning their job search; 50% secured a job on or before graduation (or returned to a prior position)
- 98% of SNRE graduates working in the NRE field are very satisfied or satisfied with their current job.
- The majority of our graduates secured their job through an online job posting, through an internship, networking, or working with a contact at the Ross School of Business (dual degree business students).
- Continuing Education: 7% (7/98) are currently pursuing additional education (6 PhD, 1 MA in teaching) and 3% (3/98) are planning on furthering their education (1 PhD, 2 MBA) in 2012

AARON ASSMANN
2011 MS Graduate
Conservation Biology
Aaron works for BP Exploration Alaska, Inc. as an Environmental Specialist

“Even though my field of study at SNRE was Conservation Biology, the development of my professional skills during my diverse environmental education at SNRE undoubtedly led to my career position within industry leader BP Exploration Alaska as an Environmental Specialist. The skills we learn at SNRE are desirable to a broad range of employers seeking environmental leaders.”
